Should you elect to hand-deliver your bid, quote, or proposal, a badge will be required and may be obtained at Building 23 whose hours of operation are from 6:00 a.m. until 2:30 p.m. CT and which is accessible via the Moline entrance gate only. Inform the Building 23 attendant to call the POC identified in Block 10 of the SF33. If the POC is not reached, then the Building 23 attendant should call local number 782-6895 to reach an alternate POC. If you are utilizing a delivery service, it is your responsibility to ensure that these instructions are provided to that service.

If you have a delivery later than 2:30 p.m. CT, advise the carrier to have the Police Officer at the Moline entrance gate call the aforementioned POC identified in Block 10 of the SF33 so a visitor decal can be issued to enter the Arsenal. This POC can then meet the carrier outside his or her building. If the carrier needs to enter the building, he or she is to come to Police headquarters, Building 225, to be issued a badge as a badge cannot be issued out at the gate after 2:30 p.m. CT.

In the event this solicitation is an Invitation for Bids, reference FAR 52.214-7, "Late Submissions, Modifications, and Withdrawal of Bids" (Nov 1999). Conversely, if this solicitation is either a Request for Quotations or Request for Proposals, reference FAR 52.215-1, "Instructions to Offerors - Competitive Acquisitions."

-----	----------------------	-------------------	----------

1. This contract incorporates one or more clauses and provisions by reference, with the same force and effect as if they were set forth in full text. Upon request the Contracting Officer will make their full text available.

2. The entire body of full text regulatory and command unique clauses and provisions will no longer be included in solicitations or contracts. These clauses and provisions have the same force and effect as if the entire full text was included in the solicitation/contract. Where text has been incorporated by reference three astericks are put in its place (***).

3. You can view or obtain a copy of the clauses and provisions on the internet at: www.osc.army.mil/ac/aais/osc/clauses/index.htm. Click on command unique first to locate the clause. If it is not located under command unique click on regulatory to find.

4. All full text clauses have a 6 or 7 as the third digit of the clause number (i.e. AS7000).

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN W52P1J-04-R-0027 MOD/AMD	Page 3 of 90
---------------------------	---	----------------------------

Name of Offeror or Contractor:

1. Notice: This is a Formal Source Selection for Care of Supplies in Storage (COSIS) of Prepositioned Army Watercraft within the US Central Command (CENTCOM) Area of Responsibility (AOR). Refer all of your questions or communications regarding this solicitation directly to the Contracting Officer (KO), Mr. Arthur L. Fanter, AMSFS-CCF-A, Building 390, Rock Island, IL 61299-6500, at (309) 782-4433 or fantera@osc.army.mil.

2. Nature of Requirement:

a. U. S. Army Field Support Command (AFSC) is issuing this solicitation as an Indefinite Delivery Indefinite Quantity (IDIQ) contract for COSIS and Services. We are looking for capabilities of performing COSIS on a variety of Army Watercraft prepositioned at Kuwait Naval Base, Kuwait, managing Government Property and operating a Government Supply Activity.

b. It is the intent of the US AFSC to award to a single contractor under this solicitation. This acquisition process will be of a fast-track nature as contract award is projected for the third quarter of Fiscal Year (FY) 2004. The basic award shall consist of (1 month (30 days) of Transition/Phase-In, and 11 months of contract full performance of the PWS. As this contract is funded with Operations and Maintenance - Army (OMA) funds, all other CLINs for future FY requirements are included as evaluated options. There are four (4) single year evaluated option periods available.

c. Pricing is based on an offer of a Firm Fixed Price per month of COSIS for each type of craft prepositioned at KNB (see Section B) regardless of the number of each type of craft. For evaluation purposes, the offeror's proposed price for all option years will be added to the proposed price for the basic award. Each option year may be awarded based upon successful contractor performance and the needs of the Government.

d. This contract contains Line Items which will be awarded on a Firm Fixed Price Award Fee basis (Watercraft COSIS of various Watercraft types, Preservation, and Activation of Watercraft), Cost Reimbursement (Travel, CAP) and Time and Materials (Over and Above Work, optional Maintenance).

e. The Award Fee Evaluation Criteria for the FFPAP CLINs stated above in this solicitation can be found in the Attachments.

3. Availability of Funds: This solicitation is not currently funded. The Government reserves the right to not fund all CLINs. The basic contract period and any option years exercised will be subject to availability of funds at the time of award. Funds will be certified, subject to the Availability of Funds (See FAR 52.232-18), if appropriated by Congress.

a. Private Industry. The private industry offer which represents the best value to the Government will be the one whose combined Management, Past Performance, and Price proposals are deemed to represent the best value to the Government. It is essential that your initial proposal Past Performance worksheets, Management proposals, and Price spreadsheets are complete and present the best terms possible as the Government reserves the right to award without discussions.

4. Basis for Award: Offers will be evaluated consistent with the criteria set forth within Section M of this solicitation. Following the evaluation of offers, the Source Selection Authority (SSA) will select one offer which represents the best value to the Government. PROPOSAL PREPARATION COSTS WILL NOT BE REIMBURSED.

a. The SSA will compare, analyze, and recommend award to the offeror which represents the Best Value to the Government.

b. The ultimate decision to award this requirement to private industry rests with the Source Selection Authority. The Source Selection Authority's decision will be based upon his/her judgement, that it is in the best interest of the Government; and that is in his/her discretion provided under 32 USC 113a.

5. Proposals. Offeror's proposals will be submitted on the dates specified in Block 9 of the SF33. Offeror's proposals shall consist of three volumes: Volume I shall contain Past Performance Information, Volume II shall contain Technical/Management Information, and Volume III shall contain Cost/Price Information. Proposals should be effective a minimum of 180 days after submission. See Section L for Proposal Submission requirements. Offerors should submit proposals that are in compliance with the Kuwaiti Labor Laws.

Additional Special Requirements

- Advance Agreement for Postretirement Benefits Other Than Pensions (PRB)

If postretirement benefits other than pensions (PRB) are offered to its employees, the offeror shall include PRB in its offered prices. The Government will assume no responsibility for any PRB costs which are not included in the offered prices. Further, any unfunded PRB liability which exists at the time of contract termination shall be the sole responsibility of the contractor.
- The Department of Defense will provide the Anthrax Vaccine Immunization Program (AVIP). The Army continues vaccinating designated special mission units, and will begin vaccinating military, Emergency-Essential DA civilian and contractor personnel, assigned or deployed for more than 15 days in higher threat areas. responsability of worldwide distribution of the anthrax vaccine for DOD and eligible contractor employees. The vaccine will be provided at no additional cost. The Program Executive Office for Chemical and Biological Defense (PEOCBD) provide the funding for the anthrax vaccine. Units requiring the anthrax vaccinations should coordinate requests for vaccine through their local medical support (medical treatment facility). Medical support activities can submit requests for vaccine directly to USAMMA on-line at www.armymedicine.army.mil/usamma/anthrax/antxhome.htm or by calling COMM: (301) 619-4121, 4128, 4411, 4318, 4198, 4320. FAX: 4468. DSN: prefix 343.

3. Civilian Tracking System (CIVTRACKS)

a. The contractor will input and information on contractor employees deployed OCONUS into an operational theater in support of unclassified missions into the Army Civilian Tracking System (CIVTRACKS). All applicable contractor personnel deployed OCONUS with this requirement must comply. The contractor is required to maintain the data in a current state, therefore, updates are required each time there is a change in duty location while the contractor personnel are deployed.

b. The Civilian Tracking system is a web-based utility for maintaining accountability of civilian personnel, both civil-service and contractor when deployed OCONUS in an operational theater. While the database can be updated from virtually any location with internet capability, only authorized personnel with the appropriate user ID and Password will have access to the data.

c. The basic data that needs to be captured on all deployed Department of the Army contractor employees includes: name, SSN, type of civilian (contractor), operation and system supported, agency/company/ 24/7 POC with telephone number, cognizant contracting office with telephone number, location, and data entering and leaving the location. After the initial data is input the deployed employee has the responsibility for ensuring the data is kept up to date. Data should be updated each and every time there is a change in duty location while deployed, to include the initial move from the home station.

d. Access to CIVTRACKS can be made by going on the internet <https://cpolhp.belvoir.army.mil/civtracks>. The input form is designed to capture certain critical data on each deployed DA civilian and contractor employee. All blocks on the form must have the appropriate requested entry before it can be submitted.

e. CIVTRACKS is designed to display a number of standard reports that will reflect data on all deployed civilians. Access to the data will be secure and requires an user ID and password. To obtain access logon to <http://cpolhp.belvoir.army.mil/civtracks-rpt>. To protect the integrity of data captured in CIVTRACKS, individuals inputting data will not be able to immediately retrieve data from the system. They will only be permitted to input data. Once data is submitted it will be protected by a firewall. Only authorized personnel with the appropriate ID and password will be able to abstract data from the system in the form of reports. (All questions pertaining to the operations of CIVTRACKS and suggestions for improvement should be emailed to civtracks@asamra.hoffman.army.mil).

L-13	52.212-4501 OSC	ELECTRONIC AWARD NOTICE	APR/2001
------	--------------------	-------------------------	----------

1. Any contract awarded as a result of this solicitation will be posted to the Electronic Document Access (EDA) system website, <http://eda.ogden.disa.mil/>, and paper copies will not be distributed. This is a material condition of the solicitation and by submission of a bid or proposal, the vendor agrees to accept an electronic award transmitted in the manner described above. In order to obtain an electronic copy of the award, you must be registered in the EDA system. Guidance/instructions for registration can be obtained at the above website.

2. Notice of award to the contractor receiving the award will be issued only via electronic mail. Vendors who wish to be notified if they receive an award as a result of this solicitation must provide their electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice of award will not be provided and it shall be the sole responsibility of the vendor to periodically check the Federal Business Opportunities (FedBizOpps) - FBO Synopsis/Award Search website <http://www.fedbizopps.gov/> or the Army Single Face to industry (ASFI)/Procurement Notifications website <http://acquisition.army.mil> to determine if he/she has received an award. In this event, the vendor's failure to check FEDBIZOPPS or the ASFI in a timely manner shall not be an excuse for failure to perform or grounds for a delivery schedule extension.

3. Notice of award to unsuccessful offerors shall be issued only via electronic mail from the Contracting Office or via the FedBizOpps/Vendor Notification feature. Vendors who wish to receive an electronic mail notice if they are unsuccessful must provide an electronic mail address in the space provided below. If the vendor fails to provide an electronic mail address, then a separate notice will not be provided, and it shall be the sole responsibility of the vendor to periodically check the ASFI/Procurement Notifications or the FedBizOpps/Award Notification to determine if an award has been made. In this event, the vendor's failure to check these sites to determine if an award has been made shall not constitute grounds for an extension of any protest period allowed by regulation.

Solicitation Section L - Instructions, Conditions, and Notice to Offerors

PROPOSAL SUBMISSION INSTRUCTIONS:

- A. GENERAL
1. Offeror's proposals must be received by the Government on the date specified and in accordance with the instructions in Block 9 of SF 33. The proposals shall consist of three volumes: Volume I shall contain Staffing Information, Volume II shall contain Past Performance Information, and Volume III shall contain Price Information. The Contracting Officer requests that offerors submit Volume II and send out the information on PRAG Form 4 to the relevant POCs as soon as possible, along with a notice to the PCO of their intent to submit a proposal. The names of two people from each offeror who will be attending the Site Survey at the Kuwait Naval Base need to be submitted to the PCO along with your notice of intent to submit a proposal.
- B. CONTENT
1. The proposal has no predetermined length limit, but excess and "marketing" verbiage will not improve the offeror's presentation.
- C. FORMAT
1. All three volumes of the proposal shall be organized to permit traceability of sections. The company name of the offeror, and page number shall appear on each page. A Table of Contents shall be placed in the front of the proposal and for each volume.
2. The offeror shall provide one (1) original and two (2) additional paper copies of their proposal, along with five (5) CD-RW copies that are compatible with Microsoft Office 98.
- D. VOLUME I - STAFFING INFORMATION
- Volume I must demonstrate the offeror's understanding of the Performance Work Statement and shall show the offeror's approach to accomplish the work. The evaluation factors below are presented in decreasing order of importance. Volume I shall not address price or fee.
- Factor 1, Staffing plan shows task identification of all the work identified in the PWS, includes a schedule for performing the tasks identified within the performance period and presents the personnel resources to support the plan.
- Factor 2, Personnel section of the Plan demonstrates a process for obtaining, training, sustaining, retaining and replacing well qualified personnel to support the tasks identified.
- Factor 3, The organizational section shows the contractor's Site Organizational chart, the associated job descriptions and the resumes for all proposed supervisory and key personnel. This should also show the specific Corporate support provided.
- Factor 4, The subcontracting section clearly shows what PWS tasks will be accomplished by subcontractors and how subcontractors will be managed. If no subcontractors are proposed, this Factor will evaluate the offeror'S capability of staffing all required task without subcontracting.
- E. VOLUME II - PAST PERFORMANCE INFORMATION

Overview of Performance Risk Assessment

The Performance Risk Assessment Group (PRAG) will evaluate the offeror's past performance on contracts/projects of similar size, scope and complexity and will assign each offeror a performance risk assignment. Offerors are expected to demonstrate that they posses relevant past experience in the following areas: (1) Work in COSIS, maintenance or fabrication of Watercraft. (2) Contracts and projects that included operations in an austere OCONUS environment. (3) Management of Government property. (4) Operation of a Government Supply System. This work must have been performed within the past five (5) years.

Note: If an offeror proposes performance of a "team" or Joint Venture, consideration shall be given to the JV/team's prior experience/past performance in working together. If the JV/team has not previously worked together, the team will also consider the experience/past performance of the individuals team members. Additionally consideration shall be given to what part of performance each JV/team member is responsible for in the performance of this requirement.

Past Performance Evaluation Factors.

Name of Offeror or Contractor:

1. Technical and Quality Compliance: Demonstrates a history of delivering quality products or services.
2. Customer Satisfaction
 - A. Compliance with contract requirements.
 - B. Effectiveness of schedule control.
3. Risk Management Performance
 - A. Lines of authority and responsibility are clearly defined.
 - B. History of corporate support to the site.
 - C. History of integrating safety and environmental responsibility into contracts/programs.
4. Cost Control
 - A. History of actual cost being in line with negotiated cost and of controlling cost overruns.
 - B. Management of subcontracts to meet schedule and performance within cost.
 - C. Management and corporate oversight to manage within project cost.

Forms:

The forms listed below and included in Section J will be completed by the offeror.

- PRAG Form 1: Summary of Relevant Contract/Project Experience.
- PRAG Form 2: Contract References.
- PRAG Form 4: Contractor's Past Performance Questionnaire.

(Note: Form 4 should be filled out by the offeror and sent to the relevant POC (copy included here) for later follow-up by the PRAG).

F. Volume III - COST/PRICE PROPOSAL AND COST INFORMATION

Offerors shall include a copy of Section B of the solicitation completed for the base year and the 4 option years. The offeror shall provide a price/cost proposal prepared in accordance with FAR 15.403-5, 15.408 Alt IV, and the Table at 15-2. Spreadsheets should be in Microsoft Excel. Offerors shall provide one (1) copy of their price/cost proposal directly to their DCAA office. Spreadsheets shall contain all formulas and algorithms, shall be in the same format as the price/cost proposal, and shall calculate proposed elements. For all CLINs, each element of price/cost shall be documented completely to show the basis and rationale used in arriving at the amount proposed, and the proposal shall be properly cross-referenced. Supporting information for each price/cost element must be adequate for evaluators to determine the buildup and include all rates, hours, escalation, data sources, methodology and assumptions used. Explanation should address the mechanics of the detailed calculations, (i.e. pivot tables, lookup tables, cell name definitions). The offeror's electronic proposal may be utilized to compute the impact of any price realism adjustments.

Price/Cost Formats:

a. Price/Cost Formats A through E shall be used by the offeror as supporting breakdown sheets for the information presented in the price/cost proposal (see FAR Table 15-2, I - General Instructions). (Price/Cost formats described below can be used when suitable). Price/Cost Formats A through E are provided in Solicitation Section J Instruction for completing these formats are provided below followed by a description of required supporting information.

b. The Price/Cost Proposal shall be traceable to the CLIN structure provided in Solicitation Section B.

c. For the purpose of this acquisition, a distinction is made between the terms "subcontractor" and "vendor". A vendor supplies an unmodified commercial product and only pricing data is required. A subcontractor provides services and/or modified commercial products and is required to submit information other than cost or pricing data in accordance with FAR 15.403-3 or cost or pricing data in accordance with FAR 15.403-4 on those products and services when the total of the materials and services exceeds \$250,000 dollars during the initial contract award period (each 12 month performance period).

4. Format Instructions:

a. Cost/Price Format A. Cost/Price Format A shall be used to summarize the total proposed price by cost element and by performance year. The Summary Format A should reflect the total offer (including the prime contractor, subcontractor, vendors, and interdivisional transfers). The General and Administrative (G&A) costs and profit/fee dollars under the prime contractor should include the prime's G&A and profit applied to subcontractors and interdivisional effort, if applicable. The totals from lines 12 (Totals Cost), 13 (Profit/Fee), and 14 (Total Proposed Price) should coincide with the data contained on the first page of the cost proposal.

Cost/Price Format A shall also be used to prepare a matrix for each CLIN summarizing the proposed cost/price by cost element and by performance year and reconciling these costs to the total proposed price shown on the Summary Cost/Price Format A. CLINs that are not listed on these formats.

Name of Offeror or Contractor:

Major subcontractors (those whose products and services exceed \$250,000 dollars during the performance year) also should prepare a Summary Format A, and Format A for all appropriate CLINs as discussed above.

b. Cost/Price Format B Series (B, B-1, and B-2). This series provides information regarding Direct Labor Costs.

(1) Format B. Format B provides a Summary of Direct Labor Costs by position description and performance year. The prime contractor and each major subcontractor should provide a Summary Format B and Format B for each CLIN as appropriate. The total line at the bottom of each Format B should support the Direct Labor figure on the corresponding Cost/Price Format A.

(2) Format B-1. Format B-1 provides data to support the Summary of Direct Labor Costs contained within Format B. Specifically, Format B-1 provides a Summary of Direct Labor Rates in current dollars by position-description and performance year. The prime contractor and each major subcontractor should provide a summary Format B-1 for each CLIN as appropriate.

(3) Format B-2. Format B-2 also provides data to support the Summary of Direct Labor Costs contained within Format B. Specifically, Format B-2 provides a Summary of Direct Labor Hours by position-description and performance year. Hours should be broken out by standard and overtime. The prime contractor and each subcontractor should provide a Summary Format B-2 and Format B-2 for each CLIN as appropriate.

c. The Cost/Price Format C Series (C, C-2, and C-3). This series provides information regarding Other Direct Charge (ODC) Costs.

(1) Format C. Format C provides a Summary of ODC Costs by item and performance year. The prime contractor and each major subcontractor should provide a Summary Format C and Format C for each CLIN as corresponding Cost/Price Format A.

(2) Format C-1. Format C-1 provides supporting data for services included in the Summary of ODC Costs in Format C. Specifically, Format C-1 provides a Summary of the ODC Unit Cost, namely, a summary of data related to the materials and services included in the proposal as other direct charges. The form provides space to list an item code (if available/used), item description, source (vendor), basis for selecting the source, the basis for the unit cost estimate, the unit cost, state tax if appropriate, and the total unit cost (unit cost plus tax). There are also columns available to indicate (yes or no) if G&A and/or Fee will be applied to the item. The prime contractor and each major subcontractor should provide a summary Format C-1.

(3) Format C-2. Format C-2 also provides the supporting data for services included in the Summary of ODC Costs in Format C. Specifically, Format C-2 provides a Summary of ODC Quantities by item description and performance year. The prime contractor and each major subcontractor should provide a summary Format C-2 and Format C-2 for each CLIN as appropriate.

(4) Format C-3 and Summary Format C-3. Format C-3 provides data on Travel Costs. The summary of the Format C-3 total travel costs should be shown as one line on the corresponding Format C form. Format C-3, Summary of Travel Costs by Performance Year, provides data to support the ODC travel costs. The prime contractor and each major subcontractor should provide Summary Format C-3 by Performance Year, and Format C-3 by Performance Year for each CLIN as appropriate.

d. Format D, Summary of Indirect Rates. This format provides summary data regarding the indirect rates used by the offeror. It should include rates such as direct labor overhead, direct labor overtime, G&A, various escalation rates, and the facilities capital cost of money, if any. The Format D summary rates should be supported by additional data, as necessary. The prime contractor and each major subcontractor should provide a summary Format D.

e. Format E, Summary of Firm Fixed Price (FFP) Fully Burdened Rates, provides summary data on the fully burdened (including Profit) FFP CLINS. The data should include breakouts of labor categories, FFP base labor rates, direct and indirect labor adders, total composite rates and clarification narratives. The format includes the following: Column 1 will contain the year (base or option years). Column 2 will provide the proposed labor categories. Column 3 will provide the FFP base rate(s). Column 4 and 5 (extended to as many columns as necessary) will provide the direct and indirect labor adders (including Profit). Extend columns as necessary so each adder has its own column) Column 6 will provide the composite (fully burdened) rate. Column 7 will provide any appropriate clarification remarks. Note: Additional columns and rows may be added to clarify the breakout of any cost elements.

4. Supporting Data: The following supporting data also shall be included in an appropriately referenced supporting narrative.

a. Labor. A breakdown of labor classification shall be required showing the estimated hours, number of personnel, rates used, and total cost (the Cost Format B series may be used). The basis for the rates used shall be fully explained. Also, company pay scales must be provided showing the company classification and pay range. In support of Volumn IIK.c.2, the offeror shall display all pay grades salary ranges (both current and proposal).

The offerors will identify the number of productiive and nonproductive hours per person per year. Nonproductive hours are defined as hours expended for non-work time such as vacation, holiday, sick leave, and other personal leave. The offerors should state the number of hours for each of these elements. The offerors should explain how the nonproductive hours will be accumulated and charged.

b. Fringes, Labor Overhead, Other Overhead, Indirect Factors. The overhead must be broken down into the individual elements

Name of Offeror or Contractor:

that it covers to include separate breakouts for work performed on-site or work performed at the contractor home office. These elements should be fully explained as to how the amounts were computed, both in figures and narrative.

c. Overtime. Offeror shall include all cost for overtime to support work at the site. No other overtime shall be proposed unless it can be shown that this is cost effective. The offeror shall include an explanation of the basis upon which the overtime was computed.

d. Pay Differential. If it is the offeror's policy to pay its employees a differential due to work on swing and graveyard shifts or at remote locations, such differential shall be included in the cost estimate and explained with figures and words.

e. Other Direct Costs (ODC). The offeror shall include the basis of estimate and corresponding cost development calculations applied for each of the individual ODC items whose total prices fall at \$2,500. The offeror is to report all items, however, the offeror need not breakdown the ODC cost elements for items less than \$2,500. The Contracting Officer reserves the right to request the submission of lower level ODC information.

f. General and Administrative Expense. An explanation of the base and rate used to compute the amount proposed shall be required. The rate shall be broken down into the individual elements of which it is comprised and any services that are provided to the contract through G&A shall be listed and explained.

g. Fee. The offeror shall include the proposed Award Fee pool for the FFPAF CLIN.

Solicitation Section M - Evaluation Factors for Award

A. Basis for Determination of the Offer that Represents the Best Value to the Government.

Proposals submitted in response to this solicitation will be evaluated in accordance with the evaluation factors set forth within this section. The Source Selection Authority (SSA) will do a trade off analysis of the Proposal Risk, Performance Risk and Price factors to determine the best value proposal. The Government reserves the right to award without discussions. The Government reserves the right to make no award, if, upon evaluation, none of the proposals are deemed likely to meet an acceptable level of risk and/or price.

B. Evaluation Criteria.

1. General.
 - a. The evaluation criteria are divided into two tiers. The first tier criteria are called Factors. The second tier criteria are called Sub-factors.
 - b. There are three evaluation factors: (1) Staffing, (2) Past Performance, and (3) Cost/Price. Staffing Plan and Past Performance Factors are essentially equal in value. Cost/Price is somewhat less important than either of the other Factors.
 - c. Innovative and/or unique approaches to performing the PWS tasks will be considered.
2. Staffing Subfactors are presented in decreasing order of importance;
 - SubFactor 1; Staffing approach exhibits realistic and comprehensive PWS task identification, realistic schedule for performing the task identified and presents a personnel resource plan to successfully accomplish the proposed schedule.
 - SubFactor 2; The personnel section of the Plan demonstrates a realistic process for obtaining, training, sustaining, retaining and replacing well qualified personnel to support the tasks identified at every level.

CONTINUATION SHEET	Reference No. of Document Being Continued PIIN/SIIN W52P1J-04-R-0027 MOD/AMD	Page 89 of 90
---------------------------	--	----------------------

Name of Offeror or Contractor:

SubFactor 3; The contractor's Site Organizational chart, associated job descriptions for each element and the resumes for all proposed supervisory and key personnel support the planned approach to performing the PWS.

Factor 4; The subcontracting plan clearly shows what PWS tasks will be accomplished by subcontractors and how subcontractors will be managed. If no subcontractors are proposed, this Factor will evaluate the offeror's capability of staffing all required tasks without subcontracting.

3. Past Performance/Performance Risk - Factors.
- a. The Past Performance/Performance Risk evaluation/assessment will examine the sources, context, and general trends of the offeror's recent, relevant past performance as it relates to the probability of successful performance.

b. Sub-factors.

The Past Performance/Performance Risk Factor includes the following sub-factors:

- SubFactor(1) Technical Compliance.
- SubFactor(2) Customer Satisfaction.
- SubFactor(3) Risk Management Performance.
- SubFactor(4) Cost Control.
- SubFactor(5) Financial Capability

The first two Factors above are essentially equal in weight, the third factor is worth somewhat less than either of the first two. The last two factors are essentially equal but are individually worth less than the third factor.

Financial Capability will be evaluated on an acceptable/unacceptable basis. Offers found to be unacceptable will not be considered for award.

- c. Evaluation of Performance Risk Sub-Factors (1) through (4).
- (1) The sub-factors will be evaluated for their relevance to the PWS and the success of the performance. The performance risk assessment will be performed based upon work the contractor has done in the five (5) years prior to solicitation closing date and which is determined to be relevant to the requirements of the solicitation.

(3) In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror will be rated as an unknown risk.

(4) The generic definitions of the adjectival ratings to be used as guides when assessing this factor and its first four (4) sub-factors are:

(a) Low Risk - Performance met contractual requirements and exceeded several to the Government's benefit. The contractual performance was accomplished with few minor problems, for which corrective actions taken by the contractor were highly effective.

(b) Moderately Low Risk - Performance met contract requirements. The contractual was accomplished with some minor problems for which corrective actions taken by the contractor were effective.

(c) Moderate Risk - Performance met contractual requirements. The contractual performance contained more than routine problems for which the contractor has to expend significant effort to meet delivery, cost, or quality requirements.

(d) High Risk - Performance did not meet some contractual requirements. The contractual performance reflects a serious problem for which the contractor did not or has not yet identified corrective actions. The contractor's proposed actions appear to have been only marginally effective or were not fully implemented.

(e) Unknown Risk - No significant performance record is identifiable.

d. Evaluation of Performance Risk Sub-Factor (5): The following ratings will be used when assessing the financial capability of offerors:

(1) Acceptable: The contractor's financial condition, as represented in its data submitted in response to Section L, paragraph 3(f) of this RFP, demonstrates sufficient financial resources to complete the first year of performance.

(2) Unacceptable: The contractor's financial condition, as represented in its data submitted in response to Section L, paragraph 3(f) of this RFP, demonstrates insufficient financial resources to complete the intended effort.

Name of Offeror or Contractor:

4. Price - Factor.
- a. The basis for award for the Price area will be total evaluated price.
- b. The Firm Fixed Price CLINs shall be evaluated by adding the prices for the Firm Fixed Price CLINs for all performance years and will be reviewed to assess realism and reasonableness.
- c. For the other than FFP CLINs a cost realism analysis will be performed on to determine the Most Probable Cost for each offeror.
- d. For the Travel CLIN each offeror shall use the surrogate NTE price of \$10,000 for each performance year (Base year and 4 option years) of the contract in the cost proposal for evaluation purposes.
- e. These methods of evaluation may include the use of information from sources such as (but not limited to) the Defense Contract Audit Agency (DCAA), Defense Contract Management Agency (DCMA), and other Government personnel.
- f. Price may play an additional role since considerations of cost in terms of overall total program evaluated costs, best value, and affordability may be controlling in circumstances where two or more proposals are otherwise adjudged equal or when a technically superior proposal is at a cost that the Government cannot afford.
- h. As part of the price evaluation, proposals may be reviewed to identify any significant unbalanced pricing. In accordance with FAR 15.404-1(g), Unbalanced Pricing, a proposal may be rejected if the Contracting Officer determines the lack of balance poses an unacceptable risk to the Government.
